

Are you interested in Community Outreach Opportunities?

The following events have potential to reflect **Christ** to our Community

Multi Church Carnival

Churches could pool resources and put on a large carnival for our community. Each church could participate by planning their contributions of games, entertainment, food, drinks, etc. Imagine the potential to have a free admission Multi-Church Christian Carnival. For some kids this may be the only Fair they get to attend. This event would create a tremendous opportunity to invite others to church.

Forsake Spring Break

Forsake Spring Break theme is to offer people an invitation to enter the mission fields during their spring break. Churches could make this an annual kickoff celebration to highlight their outreach ministries as well as provide a free carnival to the community.

Other possibilities are as follows:

- Recruiting volunteers for Spring break missions (disaster relief, community rebuilding, and more).
- Recruiting for outreach ministries such as: Homeless, prison, nursery home, youth outreach
- Invite Crisis pregnancy centers, Salvation Army and others to recruit volunteers.
- Set up prayer tents, witnessing, and Guest speakers
- Church information booths
- Distribute God's Word or tracts
- Christian Musicians on stage

Operation Christmas Spirit

It would have a great impact on the community to see a Multi-Church effort to bless those in need during Christmas. The goal is to set up Operation Christmas Spirit where Churches identify those in need and give them a blessing of a gift basket, toys, etc. God Services would work with the churches to form and deploy teams to deliver the presents. .

Community Prayer Gathering

Last but not least and it cost nothing is a Community Prayer Gathering. In my lifetime I witnessed such a gathering with Promise Keepers in Washington, D.C. Just the coming together of Christians alone brought spontaneous singing in the subways. People could tell God was moving in that area. Holding a community prayer gathering could bring attention that God is at work and help us break down barriers.

If you are interested in participating in one of these events with God's Services contact:
